

Federation Of Gay Games Mourns the Loss of Leviathen Hendricks

We are very sad to share that Leviathen Hendricks has passed away.

Many of you will have known Leviathen, and with good reason...he devoted so much of his energy to supporting LGBT+ sports initiatives over many years. He served as FGG's Officer of International Development for several years during which time he made inroads and connections in new territories and worked hard to provide those

organizations with the support they needed to be part of the larger LGBTQ+ Sports and Culture communities. He also worked on the Gay Football Supporters Network and League, East End Phoenix FC, the European Gay & Lesbian Sports Federation, the London 2018 Gay Games bid, and Out For Sport to name just a few.

Leviathan was fiercely dedicated to justice and equality as evidenced by the number of different committee roles he held over the years, and his opinions! He was never a wallflower! His voice and insights were always appreciated.

While those close to him will have known about his health issues, he never let them hold him back. He gave generously of his time and energy even when not feeling his best.

He was loyal, fearless and dedicated. We will miss him.

Our thoughts and condolences go out to his family and friends.
